## Recruitment Consultant

Our clients provide recruitment solutions to the Infrastructure and Transportation Industries. They require a consultant to join an expanding team supporting preferred supplier agreement and to further develop opportunities within this growing sector.

Ideally you will have a minimum of 18 months experience, preferably within a technical environment or provide evidence of an aptitude for this sector. The role requires a self-motivated team player coupled with business development and negotiation skills.

A rewarding career opportunity is offered within a supportive team environment. A good basic salary, bonus scheme, Private Health Insurance, pension, car allowance and up to 25 days holiday. Full REC training provided.
